Vietnam is divided into three parts: Trung, Nam, and Bắc. The communist (flag): the red stand for their blood and the star is colored yellow. It used to be yellow background with three red stripes.

The Red river is the longest river that crosses into Vietnam. Vietnam's capital is Hanoi, which is the ancient city of Thăng Long. Other cities include Ho Chi Minh, Da Nang and Hai Phong. Vietnam was ruled by China for one thousands years until the early 1900's. Vietnam was colonized by Portuguese, and a few years later, France. By World War II, Japan gained control, but Vietnam finally regained its freedom after the war. However, Ho Chi Minh led the Communist party (North Vietnam) in Vietnam war to victory and united the democratic South with the North as a communist country. In addition, Vietnam is known for its agricultural exports such as rice and fish. Another way, Vietnam gets money is by its tourism with its lush vegetation and scenery. The main religion is Buddhism, and there are minorities of Catholics. The Vietnam war lasted from 1969 to 1975. The country is shaped like an "S" and it is located in Southeast Asia underneath China and to the right of Cambodia and Laos. The population is approximately 77 million as of 1998.

Le Vietnam est un pays d'asie, donc, il diffère beaucoup du Canada. Contrairement à nos pays industrialisés, le Vietnam a biensûr ses mauvaises caractéristiques: la température est extrêmement élevée ce qui rend la vie difficile et elle est également un désavantage du côté hygiénique. Les mendiants y sont très nombreux et les jeunes en font partie. L'air est presque invivable à cause de la pollution extrême et la circulation concentrée dans les petites routes. Les "scooters" sont les principaux moyens de transport et malheureusement ils ne sont pas très sécuritaires. Malgré ses nombreux inconvénients, ce pays reste une place à découvrir. C'est notre pays...

Đất nước Việt Nam xuất xứ từ một tỉnh nhỏ phía Nam Trung Quốc. Suốt một ngàn năm đô hộ, ông cha chúng ta đã đấu tranh không ngừng để giành lại độc lập cho đất nước, mở mang bờ cõi về phía Nam.

Vietnam is located in Southeast Asia. It is bordered to the north by China, to the east by the South China Sea and to the west by Cambodia and Laos. Vietnam has fought for its independence for many centuries. It was dominated by the Chinese for many years, and it was dominated by the French for over 100 years. In 1954, North and south Vietnam were divided at the 17th parallel. France lost its control after the battle of Dien Bien Phu. North Vietnam was supported by Communist Russia and Communist China. South Vietnam was supported by the United States. Election to reunite Vietnam was supposed to take place; the election never took place because many feared Ho Chi Minh would have won 80% of the vote and Vietnam would fall into Communism.

During the Eisenhower administration, the US policy toward communism was called "Containment". Therefore the US feared that if Vietnam fell to communism, other countries such as the Philippines, Indonesia and Malaysia would also fall into communism. Thus the US was committed at that point in assisting South Vietnam maintain its freedom, democracy, and independence. Unfortunately, South Vietnam fell in 1975. Many fled the country after the communist takeover, and that is why many other Vietnamese peoples and I are here today. We are here to live in a nation (in which) freedom, democracy, and independence exist. We are here to live for the principles many other Vietnamese peoples fought and died for. I would write a whole lot more, but I am limited to one page.

Nước Việt Nam chúng ta xưa nay đã có nhiều anh hùng dân tộc như Trưng Trắc, Trưng Nhị, vua Quang Trung. Hai Bà Trưng nổi dậy chống lại quân xâm lăng đã cai trị nước ta từ lâu.

Việt Nam có hai mùa. Ở Việt Nam mọi người có rất nhiều cảm tình. Người Việt Nam ta có phong tục là kính người trên, trọng người dưới. Việt Nam đã trải qua nhiều năm chiến tranh và bây giờ dưới tay của cộng sản. Bởi vậy nhiều người Việt Nam đã vượt biên ra ngoài để tìm tự do.

Ở Việt Nam còn có một kỳ quan trong 7 là Vịnh Hạ Long. Việt Nam có rất nhiều biển đẹp, thí dụ là Vũng Tàu và Nha Trang. Việt Nam có rất nhiều trái cây mà đây rất mắc. Ở đó cũng có rất nhiều chỗ đi chơi có ích lợi như Sở Thú, Viện Bảo Tàng để mình biết nhiều về lịch sử phong phú của người Việt Nam.
